

Contact Confirmation Forms

At Forth Tech Ltd, we are committed to delivering exceptional service and addressing your technological needs with the utmost efficiency. We recognize that effective communication is crucial to achieving high levels of service satisfaction.

To enhance your experience and facilitate more efficient support, Forth Tech Ltd will be requesting a phone number to ensure we have your information up to date in our system. This will enable our technicians to assist you more seamlessly and effectively.

Please follow the steps below:

You will receive an email just like the one below. The email will come from noreply@forthtech.co.uk

You have the option to opt in for SMS notifications and, if applicable, update your mobile number for SMS communications. This will ensure you receive timely updates and alerts regarding your service.

The image shows a laptop screen with a web form for updating user information. The form is titled 'FORTH TECH IT SERVICES FOR BUSINESS' at the top. It contains the following fields and options:

- User Name:** A text input field containing 'General User'.
- Work Mobile Number:** A dropdown menu showing 'US +1' and an adjacent text input field.
- Home Mobile Number:** A dropdown menu showing 'US +1' and an adjacent text input field.
- Preferred contact method *:** A dropdown menu showing 'Work Telephone Number/Extension'.
- I agree to receive SMS:** A checkbox that is checked.
- I want to update my Phone Number for SMS:** A checkbox that is checked.
- Disclaimer:** A small text block stating: 'By subscribing via text, you agree to receive technical support related messages including scheduling updates at the phone number provided. Reply #STOP to cancel at any time. Msg rates may apply.'
- Submit:** A blue button with the text 'Submit'.

Click “Submit” to automatically integrate your updated information into Forth Tech Ltd’s system. This will enable our technicians to send you support-related messages and ensure you receive timely updates.

We look forward to enhancing our communication channels and continuing to provide you with the highest quality IT services.
